Hi Dov.

I am having a problem for someone to accept this case. The case was originally assigned in 711/104 (see PGPUB), however class 711 suggest me to your art unit, can accept the case? if not, can you give the right search other than 710/212+?

Thanks.

Tesfaldet,

Class 711 does not handle DMA transfers. 710/22 (art unit 2182) or 709/212 (any of workgroups 2140 or 2150) are classes/subclasses directed to DMA transferring.

Regi,

Please assist Tesfaldet Bocure with the transfer inquiry when you have a chance.

Can you take a look at this case if you can take it in class 711/100. The spread spectrum recited in the preamble is nominal recitation while the body of the claim is directed to accessing of the memory.  
Thanks.
